

## **The Data Goes Round and Round**

(to the tune of “The Music Goes Round and Round”)

The in-put goes right here  
The data goes round and round  
I/O I/O I/O  
And it out-puts here.

To ac-cess files my dear  
The en-ter key goes down  
In-to the key-board-o  
Put the disk in gear.

The m'chine named af-ter Tu-ring  
Is a real-ly big to-do  
To-do to-do to-do  
Turn on the vid-e-o  
Hear the lit-tle disk go round.

You put that in-put here  
The chips they will a-stound  
One-o one-o one-o  
And will bring you cheer.
